

FACTSHEET - AS OF 30-May-2025

NextGen Artificial Intelligence Multi-Manager Index

DESCRIPTION

The NextGen Artificial Intelligence Multi-Manager Index ("flagship"), priced monthly with the option to rebalance monthly, is a thematic, rules based, equally-weighted index comprised of single-manager funds (i.e. co-mingled funds, ETF's, certificates) that offers exposure to a broad measure of performance comprised of AI powered funds whose investment process is underpinned and powered by artificial intelligence, a technology that is transforming the way in which investment decisions are being made and how portfolios are being constructed and rebalanced. The index is designed to offer investors access to a diversified, liquid and unique sub-set of the universe of AI powered investment products.

The index is based on and a result of NextGen Alpha's deep knowledge of the AI fund universe which it has been tracking and qualifying since 2016 including access to managers who offer these funds. NextGen Alpha's experience is combined with Kaleidoscope Capital's manager research and selection expertise including multi-manager and multi-strategy portfolio management.

HISTORICAL PERFORMANCE

CHARACTERISTICS

The information contained in this factsheet is impersonal, not tailored to the needs of any person, entity or group of persons and for informational purposes only. The information contained herein has been obtained from public sources believed to be reliable, but no representation or warranty, express or implied, is made that such information is accurate or complete and it should not be relied upon as such. The content is provided on an "as is" basis. Solactive AG accepts no responsibility or liability for any errors or for any loss from use of this factsheet or any of the information or data contained herein. In no event shall Solactive AG be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees, or losses (including, without limitation, lost income or lost profits and opportunity costs) in connection with any use of the factsheets and its content even if advised of the possibility of such damages.

It is not possible to invest directly in an index. Exposure to assets represented by an index is available through investable financial instruments that seek to provide an investment return based on the performance of an index. A decision to invest in any such financial instrument should not be made in reliance on any of the statements set forth in this document. Prospective investors are advised to make an investment in any such financial instrument only after carefully considering the risks associated with investing in such financial instruments, as detailed in an offering memorandum or similar document that is prepared by or on behalf of the issuer of the financial instrument or vehicle.

The financial instruments are not sponsored, promoted, sold or supported in any other manner by Solactive AG nor does Solactive AG offer any express or implicit guarantee or assurance either with regard to the results of using the Index and/or Index trade mark or the Index level at any time or in any other respect. Solactive AG makes no assurance that financial instruments based on the index will accurately track index performance or provide positive investment returns. Solactive AG is not an investment adviser and nothing in this factsheet constitutes a recommendation by Solactive AG to invest capital in financial instruments nor does it in any way represent an assurance or opinion of Solactive AG with regard to any investment in a financial instrument. Inclusion of a security within an index is not a recommendation by Solactive AG to buy, sell, or hold such security, nor is it considered to be investment advice.

Past performance should not be considered as indication or guarantee of any future results. Charts and graphs are provided for illustrative purposes.
