Prime US Alternative Harvest Index Net Total Return

DESCRIPTION

The cannabis opportunity in the United States is growing exponentially. From state legalization to potential federal law changes, the path towards legitimacy for this market has never been clearer. Whether it is for medicinal purposes or adult use recreational, the US cannabis market is rapidly developing. The Prime US Alternative Harvest Index provides a reference measure for the US cannabis industry. The index is designed to measure the performance of companies engaged in Cannabis Business in the United States. Cannabis Business is defined as:

- (a) Cultivating, producing, marketing, or distributing cannabis, including industrial hemp,
- (b) Producing, marketing, or distributing products containing cannabis-derived products,
- (c) Producing, processing, marketing, transporting, or distributing prescription drugs, supplements, or food products that included cannabis or cannabis-derived products, or
- (d) Providing products or services designed for, or used by, companies in the cannabis industry, including technology, real estate, or financial services.

The index is calculated on a Price Return, Net Total Return, and Gross Total Return basis. The data included herein uses the Net Total Return of the index. Please visit www.PrimeIndexes.com to learn more.
