Solactive Osmosis Resource Efficient Core Equity Index PR

DESCRIPTION

The Solactive Osmosis Resource Efficient Core Equity Index PR aims to track the performance of securities assigned to Developed Markets and operating in accordance with certain market standards on ESG screens. The Index excludes companies that are tobacco companies and those that breach the UN Global Compact Principles. At the same time the Index targets companies that are efficient in their productive use of resources, which translates into reduced carbon emissions, water consumption and waste generation, relative to economic output. The strategy aims at delivering a reduction in carbon, water and waste intensity. The index is calculated as a Price Return Index in GBP.
